# **ABOUT US**

PT. Asianfast Marine Industries is a one-stop integrated marine solutions provider shipbuilding and repair company located in Batam, Riau Island, Indonesia. Our team has more than 100 years of experience specializing in aluminum vessels such as Passenger Ferries, High-Speed Crafts, Naval Vessels, Coastal Patrol Vessels, Luxury Super Yacht, etc.

Our yard can serve vessels up to 12.6 meters width & 300 Displacement Weight Tonnage, and floating repair service alongside jetty for bigger vessels. Equipped with modern facilities such as 300 Ton Cimolai mobile boat hauler, CNC water cutter, fabrication workshop, mechanical workshop, and others.

Our yard's strategic location allows us to serve customers in the Asia Pacific region and further. Located 45 minutes away from Singapore, our materials and spare parts main distribution center, we are able to reduce lead time and vessel downtime to provide customers the best value for money. PT. Asianfast Marine Industries has a strategic partnership with large engine manufacturers, enabling Asianfast to do most engine repairs and overhauls in-house.

Our strategic partnership with experienced fiberglass and sail companies also enables us to offer a full range of repair and maintenance for composite Motor Yacht and Sail Yacht.

We are committed to providing the best service and cost savings to customers by continually innovating proven methods and building skilled manpower in shipbuilding and repair, alongside fulfilling Class requirements, and adhering to Safety First.

"Our experts put team over self, are passionate and committed to continuous improvement with solid integrity".

PT. Asianfast Marine Industries has implemented and maintains a Quality Management System in compliance with the standard of ISO 9001:2015 for Ship Building and Ship Repair.

# THE FOUNDATION OF OUR BUSINESS

### **Mission**:

- Providing excellent, safe, and affordable services to our customers
- Maximizing returns to our shareholders
- Cultivating a work culture that values individual dignity and sustainable development
- Creating mutual success with our business partners

### Vision:

To connect coastal communities through the empowerment of stakeholders and innovative solutions

### **Core Values:**

- Commitment to continuous improvement
- Act with uncompromising integrity
- Team over self

# BATAMFAST

Batam Fast Ferry Pte Ltd was established in the year 1985. In the beginning, the company has purchased 2 high-speed passenger ferries, namely Bintan 2 and Bintan 3 with a capacity of 60 passengers and 70 passengers respectively as a start off to its business operation, ferrying passengers from Singapore to Pulau Batam and Bintan and vice versa.

Today, we have 25 ferries in total - 20 for international operations. We are operating daily with more than 38 return trip schedules between 9 Ferry Terminals, on 9 routes. The 9 Ferry Terminals are HarbourFront Centre Regional Ferry Terminal and Tanah Merah Ferry Terminal in Singapore; Ferry Terminal Batam Centre, Ferry Terminal Sekupang, Ferry Terminal Harbour Bay, and Ferry Terminal Nongsa Pura in Pulau Batam; Desaru Coast Ferry Terminal, Tanjung Pengelih Ferry Terminal, Pasir Gudang Ferry Terminal in Johor Malaysia. We are here to provide a higher standard of comfort to meet and exceed all the latest requirements.

It is a mere 45 minutes ferry ride from Singapore to Batam and vice versa.

All ferries are certified for the ISM (International Safety Management) Code in 1998 as directed by the IMO (International Maritime Organisation). Ferry seat capacities range from 140 to 338 passengers; each of the ferries is capable of running a speed ranging from 20 to 32 knots. All ferries are embarked to provide a luxurious sea voyage. They are equipped with the latest in navigational control, air-conditioning, some have a VIP room, business lounges, In-house video, and bar counter.

It is fundamental to become a bridge between Singapore, Malaysia, and Pulau Batam. We ensure that the sea voyage will be Safe, Fast, Comfortable, and an enjoyable experience. Whether you or your clients are traveling on business, holiday, or a short break, they will be able to relax in absolute comfort onboard our ferries.

Batamfast has been and will continue to be a popular alternative to visit Indonesia / Singapore / Malaysia anytime in absolute comfort and convenience.

e-TICKETING SYSTEM

#### Cloud based reservation and ticketing system

#### General :

- Intuitive user interface
- Website and mobile apps integration capability
- Secure architecture
- Data management

#### **Booking**:

- Online reservation and check-in capability
- End-to-end paperless journey

#### Account :

- Point of Sales (POS) system, flexible reporting, and multiple payment methods
- Flexible pricing structure & variability
- Multi currency and location capability

#### Ferry Management :

- Scalable ferry deployment scheduling and capacity management system
- Smart check-in and boarding pass modules for self service processing

#### Sales & Marketing :

- Season pass module, Membership module, Rewards and loyalty points system
- Ancillary revenue module for non-ferry ticket items such as travel insurance, prepaid sim cards/top up, vouchers, etc

# The Future of C9: CX

Refined shared ticketing platform

CX Modularized: System management Point of Sale Kiosk Mobile Booking Website CX Technology: Mobile-first technology Modularized API Centric Web widget Monetization capable

Making CX available: Subscription and Transaction Fees With customization (Web/Mobile App) With Implementation Consulting & Support Thru Marketplace

Potential market: At least 700 terminals within SEA alone

# **Travel Marketplace**

We are an online Travel Marketplace empowering travellers with our one-stop booking platform. We connect you to individual and corporate hosts and partners who offer varied, unique, and quality accommodations, transport and other travel related services.

Our vacation packages provide unforgettable travel experiences to some of the world's most exotic and interesting destinations. Our Travel Gurus create these travel experiences that inspire you to explore and enjoy faraway places. Your dream vacation is just a few clicks away!

For the savvy and experienced traveler – you can create your own tailor-made tour and vacation itinerary. You have the power to select your choice of accommodation, your favourite airline, rent your car, buy your tickets or vouchers to the best attractions, spa, restaurant, yoga class, and whatever your heart desires – via our intuitive and convenient trip building platform.

# www.Tripcetera.com

### **Tripcetera Overview:**

A unique hybrid business model: OTA + Marketplace

- More than 200K hotel properties worldwide
- More than 11K activities worldwide
- Competitive with the big boys (Expedia, Traveloka, etc.)
- Fast, secure bookings
- State-of-the-art technologies
- Young, modern management, start-up culture
- Strong systems development and R&D team
- Lean, cost-effective operations
- Huge market potential Travel related services and providers (from micro-businesses and smaller players)

Yield TC potential by:

- offering it as a "White Label" and B2B platform for the Travel industry, or
- Spin-off and Divest to a strategic investor
